S.S.S. CURES BLOOD POISON

The first outward sign of Contagious Blood Poison is a small sore or blister. As the poisonous virus becomes more firmly entrenched in the blood a red eruption appears on the body, the mouth and throat ulcerate, the hair begins to come out, glands in the neck and groin swell, copper colored spots appear on the breast, back, etc., and the unfortunate victim finds himself diseased from head to foot. Mercury and potash do not cure Contagious Blood Poison; they shut the disease up in the system and remove the outward symptoms for awhile, but when the treatment is left off the trouble returns. Then the system being weakened from the action of these strong minerals the disease makes more rapid headway than before. S. S. S. is the antidote for Contagious Blood Poison. It cures permanently and certainly by going down into the blood and removing every vestige of the virus. It is free from all minerals, and while purifying the blood it builds up the entire system by its fine tonic effects. S. S. S. destroys every particle of the poison and removes all danger of transmitting it to others. S. S. S. cures Contagious Blood Poison because it is a perfect blood purifier. Book with instructions for self treatment and any medical advice free.

WILSON, N. C., July 28.—This afternoon in the courthouse here the habeas corpus proceedings were heard on the writ submitted by Charles Peacock, who was committed to jail in Smithfield yesterday after a two weeks' investigation by the coroner's jury, charged with the murder of Alonzo Saunders, a colored man, the murder of Alonzo Saunders on the night of July 13th last.

At first, Peacock and Jones stood high in the community, both being young merchants, the trial attracted much attention, and over sixty citizens of Johnston county are in attendance, mostly witnesses. Pou and Brooks, who were the narrow apparition for the defense, Colonel Woodward, and Hon. John E. Armistead, representing the State, Solicitor Armistead Jones was not present.

William Holt and Isaac Saunders, negroes, were the principal witnesses for the defense, both testifying having seen Peacock and Jones together on the night Jones shot and killed Saunders. Peacock and Jones were fired about 10 o'clock. Defense proved Saunders of bad character. Defense showed Peacock's whereabouts on night of homicide, his mother and sister testifying he came home about 9 o'clock, to him and did not go out. W. D. Massey saw him near his gate at quarter to 10.

At 12:15 Judge Connor intimated that he would place Peacock under \$1,000 bond, stating that he disregarded Saunders' evidence. On further argument of counsel for defense, the judge finally decided to discharge Peacock, as Holt's evidence was contradicted in several instances, and there was a want of probable cause.

WANT SPECIAL TERM.

Title to Several Million Dollars of Property Hangs in Balance.
(Special to The Times-Dispatch.)
RALEIGH, N. C., July 23.—A. C. Avery and J. O. Conley, for the plaintiff, and J. W. Moore, for the defendant, appeared before Governor Glenn this morning contending, respectively, for and against an order for a special term of the county court in the case of *Wooten et al. vs. Wooten et al.* involving the title of several million dollars' worth of mining property in Western Carolina. The case originated in 1906, when the plaintiff, J. W. Wooten, after the plaintiff had gained the first trial and the defendant had secured an order by appeal to the second trial, the defendant, J. W. Wooten, Jr.,

had been fired from the rear, and, had it not been discovered, would have undoubtedly been destroyed, and other property in that neighborhood endangered.

HAWLEY'S WIFE INSTIGATOR

Job Was Probably Put Up by Friends of the Gold-Brick Man.

(Special to The Times-Dispatch.)
RALPHIGH, N. C., July 28.—Governor Glenn's attention was directed this morning to a special from Atlantic City to the New York American regarding an interview purporting to have been had with him as to an attempt alleged to have been made to force him to sign a pardon for Goldbrick Convict Hawley on the occasion of the Governor's visit to New York some months ago as the guest of Tammany.

Commencing on the Atlantic City special, Governor Glenn said he positively refused to give an interview to the representative of the New York paper when he called on him at Atlantic City recently. The newspaper man showed him a statement that he had secured from some other source, and that he (the Governor) told him that this statement was incorrect; that there was no force used toward him at Coney Island, but without going into details, he would say that a party of men approached him at Coney Island to urge a pardon for Lawley, and that in his declining the grant the pardon the men became very rude and so offensive; that he left in company with Lieutenant Governor Sanders, of Louisiana, and others of the party who accompanied him to Coney Island.

Governor Glenn said he reported the facts to Tammy officials and received a letter from Mr. Smith, Tammy's secretary, and other leading members of the party, and then he said, "and declaring that Tammy was in no way connected with the incident, but that outside parties had taken advantage of the invitation to him to make the application for Hawley's pardon."

After the death, some months ago, the Governor has learned, so he stated this morning through Hawley's attorney at Raleigh, Mrs. Hawley had requested the parties who spoke to the Governor at the Coney Island party to be called to the Governor's attention.

Glenn said the Governor was in New York; that she asked them to show the Governor every courtesy, and get him into a pardoning frame of mind. But she stated that they got full and done more harm than good.

Glenn said the Governor says that at first he was indignant, fearing a job had been put up on him, but that in the light of subsequent events he is satisfied that the Tammy officials had been completely deceived.

Glenn said that it was the suggestion of friends of Hawley.
